**Vision**

To be recognized as the PREMIER rural community college in North Carolina.

**Mission**

To continuously promote educational attainment, economic development, and cultural enrichment in Columbus County and surrounding areas.

## Letter from the *President*

Thank you for reading our 2018-2019 President's Report.

At Southeastern Community College, we are always working to continuously

promote educational attainment, economic development and cultural enrichment in Columbus County. In these pages you will discover some of the great work that our students, faculty, and staff are doing on a daily basis.

Of course, September 2018 will be remembered for Hurricane Florence. SCC played its part to help Columbus County recover from the storm. Duke Energy staged vehicles and equipment in our parking lot and additional law enforcement personnel used one of our buildings for temporary accommodations. We also were able to disburse \$149,000 to students who

were affected by the hurricane and needed help to continue their college studies.

We worked hard to continue to grow curriculum enrollment and increased enrollment for the second year in a row. We expanded our internship program with members of the Columbus County Industry Group (CCIG). This is a great program which has required external partnerships with employers, our local school districts and the NC Works Career Center, as well as internal collaboration between our curriculum and workforce / continuing education programs.

We have also worked with Columbus Career and College Academy, Whiteville City Schools and Columbus County Schools to develop both college transfer and technical pathways for students. They include high school courses, free college courses through the Career and College Promise program and then free college courses

through the SCC Success Scholarship. Finally, I am going to bend the rules a bit by sharing a brief farewell. This will be my final annual President's Report at SCC. I am leaving SCC in October 2019 to begin a new presidency. I want to say thank you for five wonderful and eventful years at SCC. I have enjoyed working with the SCC Board of Trustees, the SCC Foundation Board of Directors, our faculty, staff, and students and our employers, educational partners and community members in serving Columbus County.

I want to give a special thanks to SCC Board Chair, Mr. Henry Edmund, for his guidance during my tenure as president. I wish SCC the best now and in the future. Succeeding Together.

Dr. Anthony J. Clarke  
President

## Letter from the *Chair*

Each year we see improvement here at SCC. Progress has been made in many areas. The faculty and staff along with the Leadership Team of Vice Presidents and

the President continue to move the college forward to continued SUCCESS. While talking success, let me mention our "Succeeding Together" 2017-2020 Strategic Plan that the Trustees developed and the Leadership Team have implemented. It is going well and on target to meet the objectives of the plan.

I am very pleased to report that I feel that the financial position of the college has certainly improved over the last few years. Gaining efficiency in spending and understanding needs rather than wants has sharply improved financial stability. I invite you to come and look around at the college, tour the campus and see for yourself where funds have been utilized to give students, employees

and visitors a much-improved experience. Some of the improvements are new pavement throughout the campus, two activity buses, a digital sign out front, signage with color coordination on all buildings and directional signs, and the much needed upfit in the student services area in A building. There are many people to thank for this but I will mention Dr. Clarke and his staff along with the strong commitment from our county commissioners for allocating additional funds for capital outlay that allows us to move forward with improvements rather than just fix the problems. Let me mention some of the initiatives we have on-going that really speaks to the reasons the college is gaining momentum in our county and state and follows our vision of being recognized as the PREMIER rural community college in North Carolina:

- Improved and added curriculum enrollment
- New learning pathways for students to follow from high school to SCC
- Having a strong CCIG partnership
- Free tuition and fees for students in the SCC Success Scholarship program

- Our new Advance Manufacturing Training Center to open in October 2019
- The new University Transfer Agreements with UNCP, UNCW and Gardner-Webb
- Aggressive Foundation
- The College's partnership in county economic development groups
- Having an outstanding Workforce Development program reaching out to the community

I could go on with the accomplishments and the initiatives in progress but let me again invite you to come and visit your college and see for yourself.

In closing, let me say we will miss Dr. Clarke as he is leaving SCC to head up a much larger college here in NC, but let me assure you that the Board of Trustees will work diligently to find our next president to step in and continue to lead us into the future.

Henry J. Edmund  
Board Chair

## HURRICANE FLORENCE & RELIEF

With the assistance of our community, the state and other NC community colleges, Southeastern Community College was able to provide a permanent Food Pantry to students. BB&T of Whiteville, NC offered assistance in creating a clean space to house a food pantry on SCC campus. The Food Pantry supplies canned goods, water, toiletries, diapers, and other necessities.

## FIRE FIGHTER CANCER PREVENTION

In March 2019, SCC hosted a Fire Fighter Cancer Prevention event on campus with Levine Cancer Institute of Charlotte. The Institute provided education on cancer prevention and detection as well as the proper way to decontaminate their gear. Firefighters are at an increased risk to being diagnosed with cancer due to the exposures they have to toxins while fighting fire. Levine also provided FREE cancer screenings.

**45+**  
Firefighters & first responders received cancer screenings.

**Groundbreaking**

SCC broke ground in Fall 2018 for the new Advanced Manufacturing Training Center. Project will be complete Fall 2019.

**CCIG**

The Columbus County Industry Group (CCIG) continued to gather input from employers in Columbus County regarding manufacturing and technical skills needed in their workforce.

More than 10 different businesses are represented in CCIG. In 2018-2019, students participated in internships for local industry businesses related to CCIG.

**\$250,000 BB&T Grant**

In Fall of 2018, BB&T announced they were building a \$20 million facility in Whiteville, NC. A grant of \$250,000 was given to area colleges in an effort to increase accessibility for students interested in this type of training by providing financial assistance and program development. The money will be used to provide a curriculum to train and prepare students for business and communications-related jobs. The Client Service's Assistant program was the first joint program developed to prepare people for jobs in call centers or customer service job related fields.

**Transfer Opportunities at SCC**

At Southeastern Community College, students have transfer opportunities to [The University of North Carolina at Pembroke](#) through the Bravestep program, [The University of North Carolina at Wilmington](#) through the Pathway to Excellence program and to [Gardner-Webb University](#) through the Transfer Admission Program (TAP).

Each of these agreements guarantees admission for students who first complete Associate in Arts and/or Science at SCC.

By choosing Southeastern Community College first, students have the opportunity to qualify for the SCC Success Scholarship, with \$0 tuition and fees for up to 2 years.

# Faculty & Staff AWARDS

### Outstanding Staff Member Award

**Liz McLean** is the 2019 recipient of the Outstanding Staff Member Award. She is the Director of Marketing & Outreach, working to promote the college across the county.

### T. Elbert Clemmons Outstanding Faculty Award

**September Kreuger** is the 2019 recipient of the T. Elbert Clemmons Outstanding Faculty Award. She is the SCC Art Instructor and coordinates the Wyche Gallery exhibitions.

# FACULTY & STAFF Announcements

New faculty instructors include **Amber Blevins** - Electrical Engineering Technology, **John Guthrie** - English, **Barbara McKnight** - Cosmetology and **Hope Tyson** - Nursing.

**Richard Rabon**, Psychology Instructor, earned his Masters in Psychology from Walden University.

**Amanda Formyduval**, Human Resources Specialist, earned her Master of Science in Human Resources from Western Carolina University.

**Dr. Natalie Rackley** received her Doctorate in Educational Leadership with a concentration in Higher Education from the University of North Carolina at Wilmington.

**Paul Van Gilder** conducted a successful trial run of offering history classes using Open Education Resources (OER) in the Summer 2019 semester. Paul has committed to using OER for all of his classes in the fall 2019 semester at a great cost savings to his students.

**Gary Nealy** and **Cliff Young** presented "Explosive Chemistry" to participants in the Teen Science Cafe through the NC Museum of Science in Whiteville, NC.

**Gail Auten** completed the 2018 NLN Leadership Summit and served as Chair of the NCNA Simulation Council.

Criminal Studies developed a completely online track. Early Childhood Education added two new degree tracks that are offered completely online.

Technical Programs have increasing access to technology with 120 laptops - mobile computer labs for students.

The Nursing program provided equipment from Reality Works - geriatric simulation suit, visual impairment glasses, shaking baby syndrome, alcohol withdrawal, drug addiction baby mannequins and Super Tory - birthing baby mannequin.

# STUDENT AWARDS

## Dallas Herring Achievement Award

### Janetta Nixon

is the Southeastern Community College nominee and state level recipient of the Dallas Herring Achievement Award. The Dallas Herring Achievement Award is established by the NC Community College System to honor late Dr. Dallas Herring whose philosophy of “taking people where they are and carrying them as far as they can go” is the guiding principle of the system. The award is given annually to a current or former community college student who best embodies Dr. Herring’s philosophy. Janetta is enrolled in the Nursing program.

In her application she wrote, “When I received the notice of being nominated for this award, I was in total shock and lost for words. I began to recall all the challenges I’ve faced while being at SCC. This is the place where Dr. Herring’s philosophy began for me. I was a previously rejected nursing applicant from two universities and decided to apply to a nursing program one last time. In 2016, I met with the Director of Nursing for SCC who accepted me into the program & gave me a sense of hope. Not giving

school my all caused me to get dropped from the program after the very first class. I was greatly disappointed in myself because after all, it took me forever to get here. I vowed to God if he gave me another chance, I’d give it everything I had to pursue my goal of becoming a nurse.

August 2017, I re-entered the nursing program and completed my first year successfully. Nothing could be a threat to my success, until tragedies began to hit me without warning. June 2018, I unexpectedly lost my Grandmother due to nursing mal practice. The semester was ending, and I didn’t see how I would make it through with so much on my mind. However, God carried me through that class! Summer break finally came and I knew it would be the perfect time to grieve the loss of my grandmother, but tragedy tested me again. July 2018, my Father was admitted to the hospital for two months facing several major surgeries. Trying to balance the stress of my sick Father & school, mother nature decided to force Hurricane Florence on the Carolinas. I thought that was the worst of it, until September 16th. I received the devastating call informing

me that my Father had a heart attack and was in ICU. My family and I spent that entire week in the hospital, praying my Dad would recover. Unfortunately, my Father passed away peacefully.

My faith was shattered into pieces of despair. This was my breaking point. After burying my Father, I had contemplated on setting up a meeting to withdraw from the nursing program. However, I persevered and found hope again to bring me through the most difficult time of my life. I testify that only by God’s grace, I will be graduating with my Nursing Degree in May 2019! In my three years at this community college, I’ve learned to face adversity & remain resilient, to stay hopeful & never give up, and lastly, to go as far as my faith reaches.”

## Governor Robert W. Scott Leadership Award

### Preston Prince

is the Southeastern Community College nominee for the 2019 Robert W. Scott Leadership Award. Preston graduated from SCC with Honors earning both an Associate in Arts and Science degrees.

Preston has been an active student leader on campus. He served as Vice President of the Student Government Association and President of the SCC Chapter of Phi Theta Kappa Honor Society. While a student in the Columbus Career and College Academy Early College High School he was extremely active in Skills USA serving as a National Officer and a North Carolina State Officer.

Preston has embraced the leadership opportunities available to him. He has been active with the Columbus County Relay for Life as a participant and committee member and utilizes his culinary experience at various events in the county. He created a library at the CCCA Fair Bluff campus as his Eagle Scout project. Preston has proven that he is dependable and trustworthy to students, staff and faculty alike.

Preston is planning to attend the Johnson & Whales University in the Fall of 2019.

## Academic Excellence Award

### Victoria Powell

is the Southeastern Community College recipient of the North Carolina Community College System 2019 Academic Excellence Award. Victoria graduated from SCC in May of 2019 with Honors earning both an Associate in Arts and Science degrees.

During Victoria’s time at SCC, she was also a high school student through the Career & College Promise program where she was able to take college courses while still working towards her high school diploma. Victoria was also able to balance a waitressing job. Understanding the adjustments that come with college curriculum best prepared her to transfer to a four-year university. She is thankful for the opportunities attending SCC has given her with a multidimensional education. Earning seventy-eight credit hours allowed Victoria to save time, stress and money.

Victoria graduated high school with a diploma, an Associate in Arts & an Associate in Science degree. She is planning to attend the University of North Carolina at Chapel Hill in the Fall of 2019.

The Fabulous Equinox Orchestra

## Richard F. Burkhardt Fine & Performing Arts Series

Southeastern Community College's Fine and Performing Arts Series announced its first performances in the fall of 1966. In 2002, the series was renamed the Richard F. Burkhardt Fine & Performing Arts Series in memory of Burkhardt for his leadership in the musical and cultural enrichment of the community.

## LETTER FROM THE FOUNDATION PRESIDENT

It is an honor to serve as the President of the SCC Foundation. The Foundation celebrated its 50th year with a celebration in June. Looking back, the growth and development of the Foundation for the past 50 years is a remarkable achievement. This past year the Foundation has served the students of SCC with scholarship support, the faculty and staff with professional development opportunities, and the community with the Fine & Performing Arts Series.

I am extremely proud of the Foundation Board for their decision to provide financial assistance to establish the “SCC Success Scholarship” beginning in Fall 2017. This makes it

possible for qualifying students to attend Southeastern for two years tuition free. This enables students with the opportunity to better themselves and better our community. This will become a major step in breaking the barrier for those who cannot afford the cost of attending college.

I want to thank Lisa Clark, Foundation Director, and her staff for the hard work with our fundraising efforts and coordinating the special events throughout the year. Also thank you to the Foundation Board and all of the volunteers that have helped with our efforts this past year. Above all thank you to the generous citizens of our community that help support

the Foundation financially. It is truly an investment in our future.

I encourage you to keep the SCC Foundation in your plans for future charitable giving. Your donations will stay here in Columbus County and benefit our citizens for years to come.

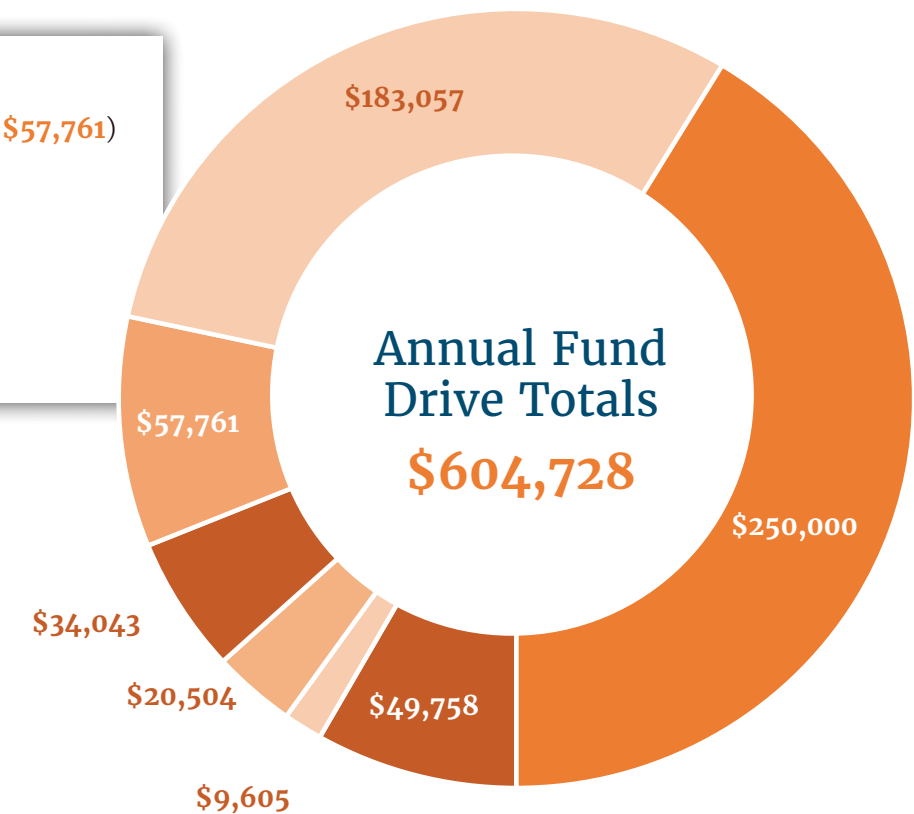

I sincerely thank everyone for their support to the SCC Foundation.

Terry Mann  
 SCC Foundation President
